As a continuing airworthiness management organisation in compliance with CAR-M, Section A, Subpart G approved to manage the continuing airworthiness of the aircraft listed in the attached schedule of approval and to issue recommendations or airworthiness review certificates after an airworthiness review as specified in point M.A.710 of CAR-M when stipulated.

CONDITIONS:

1. This approval is limited to that specified in the scope of approval section of the approved continuing airworthiness management exposition as referred to in CAR-M, Section A, Subpart G.
2. This approval requires compliance with the procedures specified in the CAR-M approved continuing airworthiness management exposition.
3. This approval is valid whilst the approved continuing airworthiness management organization remains in compliance with CAR-M.
4. This approval does not constitute an authorisation to operate the types of aircraft referred in paragraph 1. The authorisation to operate the aircraft is the Air Operator Certificate (AOC).
5. Where the continuing airworthiness management organization contracts under its Quality System the service of an/several organisation(s), this approval remains valid subject to such organisation(s) fulfilling applicable contractual obligations.
6. Termination, suspension or revocation of the AOC automatically invalidates the present approval in relation to the aircraft registrations specified in the AOC, unless otherwise explicitly stated by the competent authority.
7. Subject to compliance with the previous conditions, this approval shall remain valid for a period mentioned in validity certificate, unless the approval has previously been surrendered, superseded, suspended or revoked.
